

WITTER CONSTRUCTION TESTIMONIALS

Dear Herbie:

We just want to tell you how happy we are in our new home. As you know, we very much dreaded going through the trauma of home-building at our advanced ages, but can honestly say we would consider doing it again – with you. Your unfailing patience and attention to detail helped us along each step of the way, from tedious paperwork to last-minute requests on our part. We appreciated your prompt return of our telephone calls throughout the months we worked together. It is a privilege to call you “friend” now that the project is completed.

We have been in our house over half a year and find it snug and tight in construction. Below freezing temperatures in the past few days have gone unnoticed as we enjoy total comfort indoors.

Thanks again for all your consideration and kindness. We look forward to continued association in the New Year.

Best Regards,
Loretta & Hamish

Herb,

We wanted to send you a letter to let you know how pleased we are with our house. Things are almost all moved in and arranged. We are really comfortable and actually like spending time at home!

We really appreciate your flexibility in working with us on the changes we wanted to make to our plans. You cannot imagine how many times we say, “I’m sure glad we moved that wall out to give us more room here” or “I’m sure glad we added that window over there.” Everything is really just the way we wanted it to be.

The great job you and all your trades did is evidenced by the fact that we haven’t seen any of your guys since you built the house...there’s nothing for anyone to come back and fix!

Thanks again for making our first adventure in building be such a good experience. If you ever have any customers who want to come by and see the house, feel free to have them give us a call. We’d be happy to show them around and let them know that we would do it all over again.

Sincerely,
Karen Young and Howard Hickey

Hello guys,

I can’t tell you enough how much we all love the house. Like I’ve said before, we were absolutely satisfied with every aspect of our home construction.
